REPORT OF SCHOOL BOARD.

The school year embraced in this report closed July 15, 1915.

Five schools were maintained, with an average of thirty-four weeks for the year. From the Mary J. Eaton fund we had one week extra at the Center division. The total enrollment of pupils in the different schools was 63, of these 39 were boys and 24 girls; number of visits by members of school board, 32; by parents and others, 366. During the year we have purchased new histories, physiologies, and grammars, which are an improvement over those formerly in use. Some repairs have been made at the North, South and Old South divisions.

We have been very much pleased to see the earnestness and zeal which some of the children have manifested in their school work under the present teachers, and hope they will so continue. Parents and citizens, by visiting the schools and manifesting a friendly interest in the teachers' work and the children's efforts, will add a stimulus to both teacher and pupil to do more and better work.

In accordance with the law, we submit the following estimates of money needed to meet the statutory obligations for the coming year:

High school tuition	\$600.00
Books and supplies	100.00
Flags	10.00

REPORT OF PUBLIC LIBRARY.

To the Citizens of the Town of Sutton:

It may not be generally known that the Sutton Free Library has been in existence since 1868. Many of the books have been given by interested citizens, and others added from year to year, until there are now nearly seven-hundred books in the library. A library of this size ought to offer both profitable and enjoyable reading to all the townspeople, and to make the selection of books easy it is hoped in the coming year that a new catalogue may be printed, with the books classified and alphabetically arranged.
